

## Worldview and You

1. Nature and scientific observations is considered \_\_\_\_\_ revelation as opposed to \_\_\_\_\_ revelation, which is what is contained in the Bible. **General, Special**

2. Why is having a basic knowledge in Biblical Science needed?

---

---

---

**To have a strong foundation in your faith and improve your witness to others**

3. The only two options to explain the existence of the universe is \_\_\_\_\_ or no \_\_\_\_\_. **God, God**

4. What is a Beginning Axiom?

---

---

**A belief or faith about origins without any proof that is the starting point for their worldview**

5. Generally, what does Naturalism/Materialism/Sciencism have faith in?

---

---

**The ability of natural processes to account for everything in the universe, to go from the simple to complex, and to drive macro evolution**

6. Macro Evolution and spontaneous life is a \_\_\_\_\_. **religion**

7. What do non believers say about the Bible?

---

---

**It is a myth and not true**

8. Do you understand how Evolution undermines Christianity? How does it do so?

---

---

**It gives the idea that everything can come into existence without God and so God and Christ are not needed.**

9. What is the result of Christians discounting even one verse in the Bible?

---

---

**Then the authority of the Bible is lost - who decides what is or isn't true**

10. Why is 1 Peter 3:15 important?

---

---

**It instructs us to be prepared the skeptics questions, but do it lovingly and respectfully**
